Gentlemen:

Reference is made to [REDACTED] letter of 8 April 1960 and also to the inventories submitted at that time.

We are forwarding three (3) copies of two Exhibits which may be cross referenced with your final inventories.

Exhibit A lists those items which we want returned. Before this is done, however, we request that you forward an estimate on the cost of packing and crating. It is also requested that an approximate estimate be given on the cube and weight of the items because we may provide our own transportation to return the equipment.

Please forward a check made payable to the Treasurer of the United States in the amount of \$2,328.00 for this equipment. Upon receipt of the check, title to the property shall vest in your company.
